

Product Guide

Introduction

Aggregates 'R' Us specialises in producing and supplying high quality, bagged and loose building materials, decorative aggregates and winter products. Our dedicated haulage fleet guarantees that our quality products are delivered on time and as required.

Our bagged products are produced at 5 strategic locations which are equipped with state of the bagging equipment and the latest technology. This provides us with the most cost effective solutions for all our customers.

Our commitment to sustainability assures that all our products are obtained from sustainable sources including the following: Lafarge Tarmac, Hanson and a range of smaller operators which offer more specialist products. Our passion for sustainable sourcing is mirrored by our attainment of BS ISO 9001:2008

Eye-catching colours

Colour coded bags

Slate Chippings

Suburban Stone Slate is available in Blue, Green and Plum, each in 20mm and 40mm sizes. The Slate is fish friendly and suitable for the use on alpines and rock gardens, as well as in beds and borders. The array of colour is guaranteed to brighten any outdoor area.

Plum Slate 20mm

Plum Slate 40mm

Green Slate 20mm

Green Slate 40mm

Blue Slate 20mm

Blue Slate 40mm

Decorative Aggregates

Suburban Stone decorative aggregates are extremely versatile and offer an easy application process, making them perfect to effectively transform any garden. The Suburban Stone range at Aggregates'r'us Sales Ltd offers a diverse collection of colours from soft browns, creams, to bold reds and plum. Not only do the Suburban Stone products present an array of pleasing colours, they are also available in a variety of sizes and shapes; providing the ideal product to meet any garden requirement.

How Many Bags Do I Need?

We would recommend the following number of bags to cover an area at a depth of 40mm:

	1m (3ft)	2m (7ft)	3m (10ft)
1m	3	6	9
2m	6	12	18
3m	9	18	27

Eg: If you are wanting to cover an area of 2m x 3m, at a 40mm depth you will require approximately 18 bags.

Horticultural Alpine Grit

Black Basalt

Derbyshire Peakstone

Pea Gravel 20mm

Pea Gravel 10mm

Plum Rockery

Compost

At Aggregates'r'us, we ensure that all of our composts are peat-free and free of harmful chemicals. Our green compost collection is free of weed seeds, pest and disease - making them the perfect garden products.

SupaGrow's Organic Garden Compost is designed to improve the quality of existing soil- perfect for mulching uses and planting. Likewise, the Enriched Topsoil and Peat Free Multi-Purpose Compost are perfect for the use in beds and borders, as well as for the use on lawns and for general garden uses. New to the range, we also have our Farmyard Manure; rich in organic matter and perfect for soil conditioning.

Compost Range

Organic Garden Compost

Organic Garden Compost - Ideal for improving soil composition
